B.Tech - DIvision D

- Fest Lifecycle Mgmt
- Budget Tracking
- Vendor Sourcing
- Ticket Sales
- Sponsorship Pipeline
- Team Coordination

THE PROBLEM

College fests run on chaos.

College fest organizers in India lack a unified digital platform to manage the complete lifecycle of a fest — from budgeting and vendor sourcing to ticketing, team coordination, and sponsorship acquisition — forcing them to rely on fragmented, manual tools that lead to financial mismanagement, operational inefficiency, and missed sponsorship opportunities.

Financial Chaos

Budgets tracked on Excel sheets with no real-time visibility or audit trail.

Operational Mess

Team coordination over WhatsApp with zero structure, missed tasks, and no accountability.

Missed Sponsorships

Sponsor outreach done manually with no pipeline — deals fall through the cracks.

THE SOLUTION

One platform. Every stakeholder.

ORGANIZER PORTAL

Manage Everything

- Budget tracking & expense log
- Vendor sourcing marketplace
- Sponsorship pipeline
- Team & volunteer management
- Event scheduling & ticketing

STUDENT PORTAL

Discover & Participate

- Browse & buy fest tickets
- View event schedule by day
- Accept volunteering invites
- Manage registrations

VENDOR PORTAL

Get & Close Deals

- Receive fest collaboration offers
- Review perk packages
- Accept, counter or decline
- Manage all bookings in one place

TARGET USERS

Built for every stakeholder in the fest ecosystem.

PRIMARY

Fest Organizers

4,300+

fests/year in India

Cultural secretaries, tech fest heads, organizing committees at engineering, arts & management colleges.

SECONDARY

Students / Attendees

43M+

college students in India

Fest-goers who discover events, purchase tickets, view schedules, and accept volunteer roles.

TERTIARY

Vendors

₹30K

avg. vendor deal per fest

Sound & lighting, decorators, food stalls, stage fabricators — gaining a structured digital channel.

ADJACENT

Sponsors

₹2L+

avg. sponsorship deal

Brands targeting college audiences with no reliable way to discover or evaluate fest opportunities.

MARKET OPPORTUNITY

A massive, undigitized market — waiting to be served.

TAM

Total Addressable Market

₹2,000-5,000 Cr

Combined fest spend across all Indian colleges — vendors, ticketing, sponsorship, logistics. Entirely unorganized today.

SAM

Serviceable Addressable Market

8,000-12,000 fests/yr

Tier 1 & Tier 2 city colleges with larger budgets and higher digital adoption — our immediate reachable market.

SOM

Serviceable Obtainable Market

500-1,000 fests

Year 1–2 target: Maharashtra, Delhi, Karnataka & Tamil Nadu — states with the highest fest culture density.

Why Now: Post-COVID fest revival · UPI makes small-scale ticketing viable · Gen Z organizers are SaaS-native · No dominant competitor exists

BUSINESS MODEL

Low upfront cost. Earn on every transaction.

B2B

Platform Subscription

- University License: ₹14,999 / year (25 seats)
- Semester Plan: ₹4,999 / 3 months (7 seats)
- Fest Committee Direct: ₹1,999–₹3,499

TRANSACTION

Ticketing Commission

- 5–8% commission per ticket sold
- Avg. ticket ₹400 × 500 tickets/fest
- = ~₹10,000 per fest at scale

TRANSACTION

Vendor Deal Commission

- 8–12% of closed vendor deal value
- Avg. deal ₹30,000 × 3 vendors/fest
- = ~₹9,000 per fest

V2

Sponsor Connect

- 5–10% of sponsorship deal value
- Avg. deal ₹2L per fest
- Unlocked in Year 2 once supply-side is live

REVENUE PROJECTION

Conservative Year 1 — proving the model, not scaling it.

Revenue Stream	Assumption	Year 1 Revenue
University Licenses	5 universities × ₹14,999	**₹75,000**
Fest Committee Direct	40 fests × ₹2,500 avg	**₹1,00,000**
Ticketing Commission	60 fests × ₹4,000 avg	**₹2,40,000**
Vendor Commission	40 fests × ₹5,000 avg	**₹2,00,000**
TOTAL		**~₹6,15,000**

3-YEAR GROWTH TRAJECTORY

Year 1 — Pilot · 1–2 states · 40–60 fests · Build trust — **~₹6 L**

Year 2 — Expand · 5 states · 300+ fests · University deals — **~₹45 L**

Year 3 — Pan-India · Vendor marketplace · Sponsor connect live

COMPETITOR ANALYSIS

No one owns this space. We will.

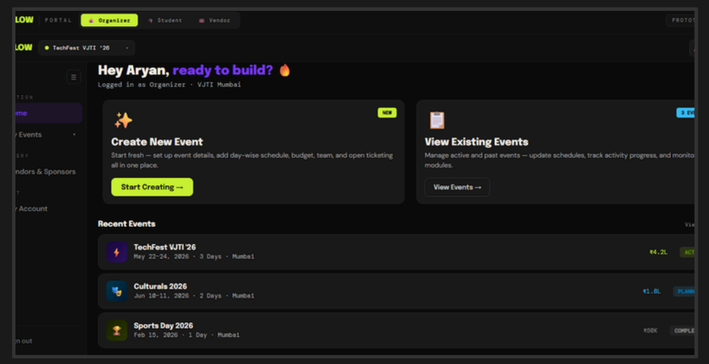
PROTOTYPE — v1

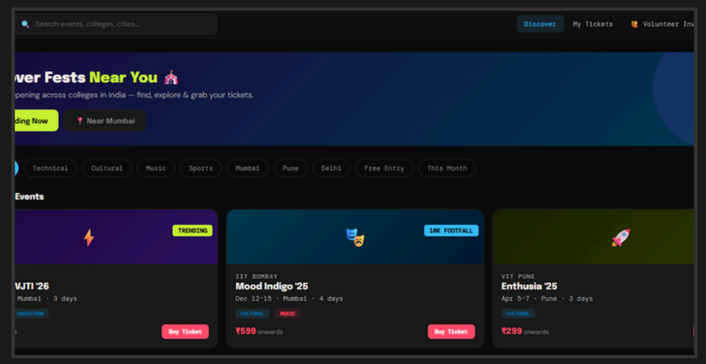
Three portals. One unified platform.

ORGANIZER PORTAL



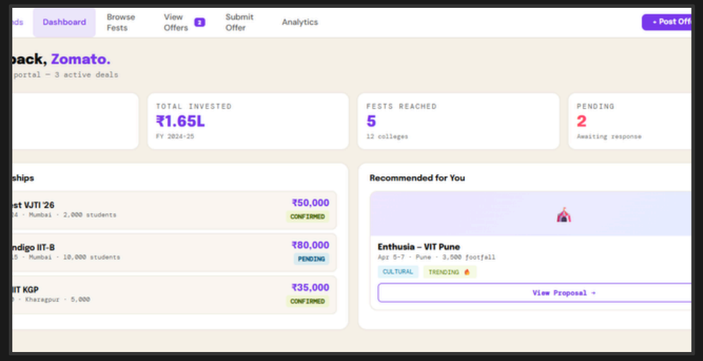
- Dashboard with live fest stats & alerts
- Budget tracker with expense categories
- Vendor browsing & deal management
- Sponsorship pipeline with tier tracking
- Team & volunteer management

STUDENT PORTAL



- Fest discovery & event schedule
- Ticket selection with tier pricing
- Volunteer invite accept / decline
- Personal account & ticket history

VENDOR PORTAL



- Incoming offer cards with deal terms
- Accept / Counter / Decline workflow
- Perk package visibility
- Booking status dashboard

Live interactive prototype available at request.

CONCLUSION

Why FestFlow. Why Now.

Clear Problem

4,300+ college fests run on WhatsApp and spreadsheets. The pain is real, widespread, and unaddressed.

Full Solution

FestFlow is the only platform that covers the entire fest lifecycle — budgeting, vendors, tickets, teams, and sponsors.

Viable Business

Multiple revenue streams: subscription + ticketing + vendor commissions. Year 1 target: ~₹6 Lakhs.

Ready to Launch

Prototype v7 is complete. Three portals — Organizer, Student, Vendor — fully functional and demo-ready.

FUTURE SCOPE

The roadmap beyond v1.

Phase 1 0–6 Months

- Launch in Maharashtra & Karnataka
- Onboard 40–60 fests
- University license pilots (5 institutions)
- Refine vendor commission flow

Phase 2 6–18 Months

- Expand to Delhi, Tamil Nadu, Telangana
- Unlock Sponsor Connect marketplace
- Mobile app for students (Android first)
- Analytics dashboard for organizers

Phase 3 18–36 Months

- Pan-India rollout across all states
- AI-powered budget recommendations
- Vendor rating & review system
- FestFlow for schools & corporate events

Thank You

TEAM FESTFLOW
